

Brooklyn Recreation Center Steam Room Renovation Project

The steam room renovation project will begin on Monday March 21 and will be closed for the duration of the project. The steam room is expected to reopen at the end of May or early June.

When it reopens, there will be new tile, new steam generator, new lighting and a new entrance.

During the project, the hope is to keep the whirlpool and sauna open for operation, but there may be days that we are unable to do so based on construction.

Please continue to check our website www.brooklynrec.com daily for schedule updates.

If you have any questions please contact the recreation center at 216-351-5334.

Thank you for your patience and cooperation.

Sincerely,

Recreation Center Management
