

LEARN TO SKATE USA

Snowplow Sam 1-4 (ages 3-5) – These introductory classes are for pre-school/kindergarten age children with no prior skating experience. These classes will help build confidence while learning the basic skills of ice skating. All classes are taught in a safe and positive environment with lots of fun and games.

Basic 1-6 (ages 6-15) – These beginner level classes teach the fundamentals of ice skating. Classes will focus on proper skill development, taught in a positive, fun, and social environment. Skaters progress at their own rate and advance after skill mastery is demonstrated.

Pre-Free Skate/Free Skate 1-6 – These classes are for skaters who have completed the Basic Skills curriculum and would like to learn the sport of figure skating. Each level teaches a variety of progressive figure skating skills, transitions, spins, and jumps.

Adult 1-6 (ages 16 and up) – These classes are designed for both beginning and experienced adult skaters who wish to improve their skating skills. This class helps promote physical fitness and improve balance and coordination while teaching proper skating technique.

ASPIRE (*must have passed Basic 6) – A fun group class for training beginning figure skaters. Skaters will work on new skills, learn more about the sport of figure skating, and develop good practice habits. Skaters will have the option to join the Brooklyn Figure Skating Club for an additional fee.

Learn to Compete (*for skaters in Snowplow 3- Basic 6) – Skaters will learn an individualized competition routine appropriate for their level. Skaters will have the option to sign up for local Compete USA competitions.

Performance Ensemble (*must have passed Basic 6) – An exciting class focused on creativity, movement, and performance skills. Skaters will learn how to work as a group to create routines that will be performed in various exhibitions and shows throughout the season.

Power + Edges + Skills for Figure Skaters (*must have passed Basic 6) – A dynamic group class designed to develop power, speed, edges, and turns. Skaters will also focus on spins, jumps, ice dance patterns, skating skills tests, off-ice training and artistry.
